

Tendring Older Peoples Forum Open Meeting

30th March 2012

10.00 – 12.00

Weeley Council Offices

**Guest Speaker: Dr. Mike Gogarty, Director of Public Health
and Andrew Gardner, Age UK Essex**

Come and be heard! Share your concerns about the issues facing the elderly in Tendring with others of similar thinking and representatives from key organisations responsible for care of the elderly.

The Tendring Older Peoples Forum is pleased to announce an Open Meeting to which members of the public are invited. Our guest speaker, Mike Gogherty will be in the hot seat, speaking on how the NHS will look locally following the raft of recent changes. However Mike will not be alone in the hot seat. We will have other guest attendees who will be ready to field your questions in the open session part of the meeting

All member organisations will bring useful information about their activities so, as well as being heard, this is an ideal time to get up to date with or discover new services which will improve your quality of life

You remember the famous saying ‘Your country needs YOU’ The forum needs you to make sure it is truly representing the views and concerns of the elderly in Tendring.
