Places of Worship Protective Security Funding Scheme 2022-23

As in previous years, the scheme is open to all faith communities in England and Wales who feel that their place of worship is vulnerable to hate crime. Places of worship and associated faith community centres can apply for funding for a range of security measures to help tackle the threat of hate crime. This could include the installation of measures such as, but not limited to, CCTV cameras, security alarm systems and perimeter fencing to improve security protection at their site and help worshippers feel more safe. This year, for the first time, additional funding of up to £24.5 million will be available to help protect Muslim faith communities, who continue to experience an increased threat of hate crime. All places of worship who feel they are vulnerable to hate crime are encouraged to apply.

Further details of the funding scheme and how to apply are provided via the link below. Applications can be made until 23:59 on 14th July 2022.

Details on how the funding will be administered will be announced in due course. <https://www.gov.uk/government/news/platinum-jubilee-fund-creates-boost-for-village-halls>

Grants available to support sports club set up in Harwich and Brightlingsea

Grants are available for people looking to set up sports clubs in Harwich and Brightlingsea. Tendring District Council (TDC) is offering the cash to those looking to make use of the community sports centres in the two towns. Operation of the facilities recently changed from TDC to the site owners, Sigma Trust, with club bookings now required rather than casual use. To help increase use of the amenities, support is being given to create clubs which can do block bookings.

Applications are open for financial support with this process, which can help to cover costs such as national affiliation, insurance or training for club officers.

To apply individuals should visit www.tendringdc.gov.uk/clubs-groups-guidance and complete a form.
